

2007 EEO PUBLIC INSPECTION FILE REPORT

PURPOSE

The purpose of WOUB's equal employment opportunity (EEO) Public File Report is to meet and comply with the Federal Communications Commission (FCC) rules for broadcasters and multi-channel video program distributors, which became effective on March 10, 2003. Under the specific EEO program requirements, broadcasters must comply with three key components: (A) outreach/recruitment, (B) recordkeeping and reporting, and (C) self-analysis of EEO efforts. The FCC has established a three-pronged outreach and recruitment requirement. Prong 1 requires broadcasters to recruit for all full-time vacancies and widely disseminate information concerning each full-time vacancy. Prong 2 requires broadcasters to provide notification of all full-time job vacancies to organizations who request such notifications. Prong 3 requires broadcasters to engage in a certain number of longer-term recruitment initiatives from a "menu" of options, depending on the size of the station employment unit. WOUB is required to engage in four recruitment initiatives over a two-year period.

CONTENTS

This Public File Report will provide the following information:

- A list of all full-time jobs filled by WOUB during the previous year, identified by job title;
- For *each* such vacancy, a list of the recruitment sources used to fill those vacancies (including organizations entitled to notification pursuant to Prong 2, which should be separately identified), identified by name, address, contact person and telephone number;
- For each full-time vacancy during the previous year, the recruitment source for the person hired, and the recruitment source for *each* person interviewed;
- Data reflecting the total number of persons interviewed for full-time vacancies during the preceding year and the total number of interviewees referred by each recruitment source utilized in connection with such vacancies;
- A list and brief description of Prong 3 initiatives implemented during the previous year.

* With respect to this position, exigent circumstances led WOUB to convert a temporary employee to full-time status. In consideration of the three components of the FCC's EEO program (outreach/recruitment; recordkeeping and reporting; and self analysis of EEO efforts) and University hiring protocol, WOUB was required to obtain a university waiver to hire for the position of Public Information Coordinator. The director and general manager of the WOUB Center for Public Media at Ohio University requested a waiver from the Ohio University Executive Assistant to the President for Institutional Equity, to hire WOUB's full-time Public Information Coordinator. The individual hired had been working in the position on a Group III temporary basis, had fulfilled the performance requirements for the position, and had merited retention in the position on a full-time basis. The waiver was approved both by the university's Executive Office Employment Committee and by Institutional Equity.
